A DISPATCH from Foochow states that Viceroy Hsu Ying-kuei of that city has been so successful in producing last year large quantities of superior smokeless powder that H.E. has ordered the early construction of a gun foundry in the vicinity of the powder works. For this purpose fourteen artisans and artificers from the Canton Arsenal and a similar number from the Foochow arsenal here have been engaged the whole to be placed under a European expert.

THE Sanitary Board authorities have recently instituted a new departure regarding the tuition of their inspectors. Lectures are given every Tuesday and Friday nights in the Queen's College, by Drs. Clark and Peace, before the whole staff of the Sanitary Board inspectors by means of illustrations, etc., the lectures dealing with water, the use of uncooked vegetables, plague bacillus, anopheles mosquito and other subjects are made instructive as well as extremely interesting.

"ONE great question, before which all else pales," said Dr. Morrison, the Peking correspondent of *The Times*, when interviewed at Sydney, "is the value of the dollar, which is lower than ever before. Siam and another bordering State have adopted the gold standard, which intensifies China's dilemma. China having to pay the Japan war indemnity in gold at a time when silver is so low creates a serious problem, about which it is hard to forecast."

BEFORE Mr. J. H. Kemp this morning, Adel Callithe, a European spinster hailing from Spain, was charged with being disorderly incapable, and under the influence of liquor on the 8th instant at Kowloon. In her defence she stated that on that day she felt rather low spirited and thought a little liquor would brace her up, but as soon as she had taken the stimulant, she staggered, and was promptly arrested by an Indian constable. In view of her frequent appearance at the Police Court on similar charges the Magistrate fined her \$3. or ten days, and bound her over in the sum of \$100 to keep the public peace for a period of six months.

A VERY pretty wedding took place this afternoon at St. John's Cathedral, the contracting parties being Miss M. E. Sayer, second daughter of Mr. G. J. B. Sayer, of the Royal Naval Yard, and Mr. J. Hooper, of the Kowloon Godowns, nephew to Mr. A. S. Hooper, secretary of the Hongkong Land Investment Company, Limited. Punctually at three the bride, accompanied by her father, arrived at the entrance to the Cathedral and on proceeding up the aisle, the organ pealed forth the Wedding March. The marriage ceremony was conducted by the Rev. F. T. Johnson, assisted by Rev. Good, R. N., with the whole of the members of the choir in attendance. The bride was given away by her father, and Mr. Tibbey acted as the bridegroom's best man. The bridesmaids were Misses E. Sayer, G. Hinds, and F. Drew. After the marriage ceremony had been completed the newly wedded couple were met at the door by their relatives and friends, and congratulations were showered upon them. A reception was subsequently held at Chater's Bungalow, Kowloon, kindly lent for the occasion, and many costly and beautiful presents were displayed. The couple will spend their honeymoon by making a round trip to Macao, Canton and the West River.

THE FIRE BELL.

BETWEEN noon and one o'clock yesterday afternoon, as churchgoers were returning home, the fire bell commenced its clanging. The Brigade lost no time in hurrying to the scene of alarm. No. 371 Queen's Road Central, where they tackled the configuration without delay. Some jars of samshu in the basement had overturned and accidentally been set alight by a candle. Although the Brigade soon overcame the flames it was a disagreeable underground task, described by Inspector A. Mackie as like working in the hold of a ship. The basement, which is considerably damaged, is insured in the Sun On Company for \$7,300. The damage to the ground floor is slight and is covered in the Union Fire.

The Brigade were again turned out at ten o'clock last night. This time, however, the mishap did not prove to be of a very serious nature. A youngster, on the second floor of No. 10 Mercer's Street, had set fire to a mosquito curtain, and the flames were extinguished by the Police and inmates of the house.

TURF TOPICS.

To with 54 Sunday's gallops there turned out quite a large crowd, made up principally of owners with their wives and friends, and all the jockeys. Representatives of the Bank's stable were late in emerging from their stalls. This was accounted for by the delayed arrival of Mr. Hurkitt, the crack rider from Shanghai, who was, however, seen steering his mount over the green soon after noon.

To-day the attendance was poor, and jockeys did not cover distances longer than ship quarters and half. They were not done so much for time as to serve as warmers for tomorrow.

Records are as usual given to-day and I make bold to append also a few of my "fancies" or to-morrow's event.

The Colonial Office and the South African Star.

LONDON, 5th February.

The Earl of Onslow, Parliamentary Under-Secretary for the Colonies, in a speech at Edinburgh, referred to the heavy rates of freight to South Africa, due to the action of the shipping ring.

He declared that as the Transvaal and Orange were about to place very large orders in England, the Colonial Office would endeavour to secure fair, although remunerative, rates of freight, even if it had to charter its own steamers.

It is the duty of the Government, he said, to try to reduce the enormous cost of living in South Africa.

FOOTBALL.

ASSOCIATION CUP TIE AT HAPPY VALLEY.

78TH R.G.A. V. V.R.C.

Saturday's match, the postponed tie in the first round of the Shield Competition, drew the largest attendance in the "soccer" ground that I have seen this season. The Artillerymen had a great body of supporters, who took their stand on either side of the pavilion, while the Victoria's were occasionally cheered by the onlookers on the opposite side of the ground. The number of visitors occupying seats in the match was larger than usual, and from there one could distinguish quite a number of smartly dressed ladies sprinkled around the touch line, evidently keen on the sport. The weather was beautiful, and it was an ideal afternoon for football, the air being crisp, the sky bright, and not too much wind. After the kick-off, at 4 o'clock, and the subsequent minutes over, one could see that the match would be keenly contested to the finish. The V.R.C. vigorously attacked their opponent's goal, but were repulsed each time by the able defence of Lapsley and Boyle; the two stalwart backs, while Spindley, the tall soldier in goal, did his work admirably. The Garrison men had several very good runs up the field, but were stopped by the opportune interference of Lapsley, the left back of the V.R.C. Throughout the first half the attacking was done by the Recreation Club, who, if their other three forwards had been of the same calibre as Herton and Holmes, should have proved almost irresistible. Unfortunately their outside forwards preferred playing too much with the ball in the corners of the field instead of entering before it was taken from them. The R.A. goal keeper was very handy with his feet, not missing a kick, until by some very smart work on the part of Herton and Holmes, the ball had arrived about eight or ten yards in front of the posts with none of the R.A. but the goalkeeper to stop it. Herton did not wait and in his usual thoughtful and deliberate style sent it through with a smart brisk kick to the huge delight of the supporters of the V.R.C. This was the first point scored and, as it was afterwards proved, the only goal notched. The R.A., on kicking off from the centre, evidently intending rushing the leather up, but were frustrated in their move by the opposing backs. A give and take play ensued, but up to the half-time whistle the V.R.C. had undoubtedly by far the better of the game and, on form, should have added at least two more goals. After the usual "breather," the whistle sounded, and the ball was again in play, the R.A. getting down the field in brilliant style. Their inside left made a fine shot at goal, but unfortunately the ball struck the post and went behind. Then the Artillerymen pressed around their opponent's goal for several minutes, but met with a stout defence and, though many opportunities were missed, their attacks were frustrated. Then the V.R.C. got possession and took the sphere to the other end, where fine attacks were made on their opponent's citadel. Snyer, on the left wing, very often kept the ball rolling when there was a very good chance of centering to Herton, while Henderson's play seemed of a very indifferent nature. Humphreys proved useful at times, but he has a habit of endeavouring to get the ball through by brute force which, though it comes off at times, more frequently than not he loses possession—and his wind. The R.A. custodian was kept busy, but proved able to cope with the demands on his skill. Throughout the game he did not miss one kick, and could not have averted the point notched against him. His appearance to play a very risky game as he very seldom used his hands. But he has evidently tackled the game before and was as cool as a cucumber the whole time. The soldiers got the ball away again and, after a fine bit of play, their left forward took a beautiful shot which was deftly punched out by the V.R.C. goal-keeper, and was on its way up the field again. The left wing of the R.A. was no doubt faster than their right, and the V.R.C. halves were always busy, Wicheil playing a good, hard game all the time. Several corners were given against the R.A., but with no results, and the same may be said of the gunners. Against the Recreation Club some half a dozen fouls were given, generally for charging in the back, with Seth as usual, off-side once or twice. No further score was made, and the game ended in a victory for the V.R.C. by one goal to nil. Herton and Holmes showed up most brilliantly for the Club, while Lapsley again proved himself a safe, reliable man at back, though he was not pressed so much in this match as in his former contests, and therefore his resource

was not fully exhibited. A word or two to Seth and Saer before the next match might be useful for, with two good men in the centre of the field waiting for the ball it is a sad mistake on the part of these two outside forwards to persist in keeping it to themselves so much. The result is that the ball either goes behind or is taken away and driven half way up the field. The R.A. played a very defensive game from the time the goal was scored against them. They, however, put the ball into touch rather too frequently, and especially when it was getting near goal. Their left forward showed to advantage, as did the right back, while the play of the goalkeeper was irreproachable. The Referee Mr. Triggs, showed his competency in the fairness of several decisions and I am sure everybody will join me in wishing the V.R.C. good luck in the remaining contests, and in the hope that, next time the 78 Co. R.G.A. will meet with better luck and prove their mettle in a more useful manner.

THE SPORT.

THE C. M. S. N. CO. AND THE HUNAN S.S. CO.

According to the *Chungai Shogyo*, the China Merchants' Steam Navigation Company, expecting that the business of the Hunan Steamship Company will prosper in the future, has applied to the promoters of the latter company for permission to subscribe to its shares. Sheng Hsian-huai is also said to have intimated to the authorities of the new company his intention to become a shareholder. This noted Chinese official has opened communications with the Hunan Steamship Company with a view to making a contract for the transportation of coal and coke from Pingshiang by the company's vessels. Before accepting the proposal, the company despatched its representative to South China for the purpose of investigating the actual condition of affairs there. The proposed contract is for carrying coal to the amount of 60,000 tons a year from the place of their production to the market in Shanghai for a period of five years. In Shanghai they will be sold at four taels per ton. In fact they cost only two taels at Pingshiang but the charge for freight is just two taels. The appearance of the new kind of coal in Shanghai will no doubt have some effect on the price of the coal from Japan.—*Japan Times*.

Miss Maud Laidet, of Wilson Barratt's Company, has died from influenza.

SEVERE WEATHER IN EUROPE.

Snow to the depth of several inches has fallen at Sheerness and other places in the south of England. Owing to the severity of the weather the race meeting at Birmingham had to be abandoned. Thirty degrees of frost has been recorded in Scotland. The cold is also very intense both in Britain and upon the Continent. The severe winter weather continues in the south of England, the ponds around London being frozen over, and providing excellent skating for crowds of pleasure-seekers.

BIOLOGICAL RESEARCH.

Mr. Frederick Quick, a London merchant, has bequeathed £60,000 to Cambridge University for biological research.

DISPUTE AMONG PROMOTERS.

The Federal Supply and Cold Storage Company has been withdrawn from the market, upon which it was recently placed for subscription, owing to a dispute among the promoters.

A CHILIAN BATTLESHIP.

The Chilean battleship *Constitution* has been launched at Elwick. She carries the most powerful guns of any warship in the world, and has been built with a view to attaining a record speed.

INTERNATIONAL CRICKET.

The *Sportsman* announces that Mr. A. C. MacLaren has called to Australia that it would be wiser to defer the next visit of an English cricket team to Australia until September, 1904, when the men would be thoroughly rested.

DISTRESS IN NORWAY.

Seventy thousand persons are threatened with starvation in Northern Sweden. So great is the distress that many are subsisting by eating moss bark. Energetic measures are being taken for the relief of the sufferers.

COTTAM & CO., FOR SUMMER UNDERWEAR

DR. PENTECOST.

FORTHCOMING MEETINGS IN THE CITY HALL.

In view of Dr. Pentecost's visit to this Colony, from 15th to 22nd inst. the following from the *Manila Times* of 30th January is apposite and suggestive. Now that Dr. Pentecost is soon to leave us it seems fitting that he should not be allowed to depart without some public recognition of his work and the good he has done. Whilst Dr. Pentecost's stay among us has not been marked by any great wave of religious enthusiasm such as we are wont to associate with revival services, yet much benefit has been conferred on the community in a quiet and unobtrusive way. The Doctor came here quietly and he has builded quietly, digging down at the foundation of things. His keen intellect and wide experience have also thrown much needed light on some of the difficult problems that confront us here as a nation. He has taken pains to hold up the banner of Christian civilization, to remind us of the heritage of our forefathers and enjoin upon us the lessons which they taught. He contends, and we believe with much right and reason, that without a strong prevailing religious and moral sentiment here we cannot hope to do our best by these islands or confer on them the highest blessing within our power. Even if we bestow on them all such blessings as arise from free trade, a stable currency and sound laws with honest administration of justice, and withhold from them that healthy moral and religious sentiment which, however silent at times, still marks us as a people and is really the key-note underlying all our prosperity and success, we shall have led them as it were with the husks, while denying them the heart and kernel of our civilisation. We are disposed to agree with the *Manila Times*. Dr. Pentecost's public addresses in the Philippines were, if we may judge from the printed reports that have reached us, singularly wise and timely. In a place where erroneous notions of religion and the superstition blended with its purer principles have been the occasion of lamentable evils he has traced those evils to their source and pointed out the remedy. The coming of Dr. Pentecost to Hongkong will be looked forward to by many who know some thing of his career and work in other parts of the world.

Commercial.

WEEKLY REPORT.

Messrs. E. George & Co. state that the volume of share business transacted during the week ending 7th inst. has not been large, but a general firmness in rates has been noticeable. Hongkong and Shanghai have improved further, selling up to \$715 cash, while business is reported at \$717 for 28th February and \$720 for 31st March; the market closes a little quieter with cash sellers at \$712; the London rate is £65. Hongkong and Whampoa Dock Co.'s shares have been negotiated at rates ranging between \$205 and \$207 cash, also at \$210 to \$211 for 31st March, \$209 to \$210 for 30th April and \$214 for 31st May, the stock closing firm at \$207 cash. They hear that at the forthcoming ordinary yearly meeting to be held on 23rd inst., transfer books closing from 19th to 23rd inst., a dividend of \$6 per share will be declared, about \$500,000 written off, and over \$100,000 carried forward to new account. The dock is at present fully employed with paying jobs.
